OUR VOYAGE through HIGH SCHOOL

HI-S-POTTS ANNUAL

FOREWORD

We, the members of the 1951-'52 Annual Staff, in keeping with the fine tradition begun in the year 1889, proudly present our edition of the **Hi-S-Potts** Annual. To make this book worthy of our classmates, we have put forth every effort to edit one that will be outstanding among the annals of the Pottsville High School. If in future years it increases in value and brings many fond recollections to our classmates, our ambition will be realized.

As our theme, we have chosen the spirit of the sea that has fascinated men for so many centuries. The lasting friendships and precious understanding which we have gained through these years have become as much a part of our lives as the sound of the sea in the hearts of those who have sailed her waters. As the final days of our voyage through the Pottsville High School draw near, we stop to reflect upon the familiar faces and scenes from which we must soon depart. These thoughts are best expressed by Joan Rose in the lines of our Class Song.

Class Song

TUNE: "Turn Back the Hands of Time"

WORDS: Joan Rose

Soon that Road we'll have to tread,
Hearts and minds are weary led,
Thinking of the years ahead
We hate to go.

On our way we must depart,
Plans and dreams of every heart.
When we're sad and feeling blue
We'll think of you.

Dear Class of "52,"
Oh! How we shall miss you,
Our hearts bid sad adieu,
We know that you'll miss us, too.

—Fritz Von der Heiden, Editor.

DEDICATION

MISS SARAH E. UNGER

It has been said that art — indeed, all beauty — is ageless. So, too, we believe, is a lady whose life has been spent in the service of her fellow men. Who can measure the good of such a life and the influences which it set in motion for all the future?

It is with this spirit that we, the members of the senior class, dedicate the 1952 edition of the **Hi - S - Potts** to Miss Sarah E. Unger as an expression of our gratitude for her untiring efforts in our behalf.

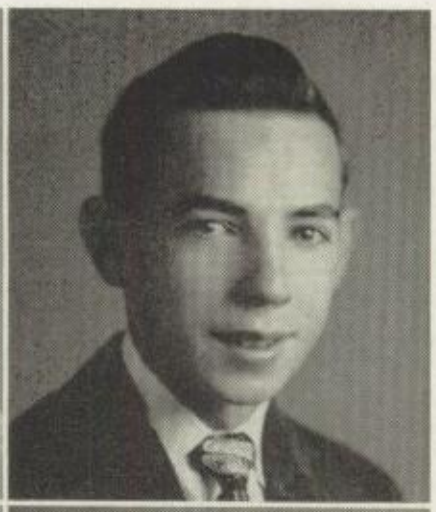
BARRY D. ABESHAUS

Barry plans to become a pharmacist after attending college. He was always an ardent supporter of the basketball team. Barry lent his services to the A. Y. and Biology Club. He really enjoyed both German II and chemistry. We are confident that with Barry's ability and attitude he will surely succeed in life.

JAMES J. BARTHOLOMEW

"Bart" was one of the quieter members of the class. He would like to attend a business school and then become a secretary. His chief pastime is driving and he can be found "tinkering" with cars at anytime. With "Bart" we know it will always be success.



JEAN N. ADUKINAS

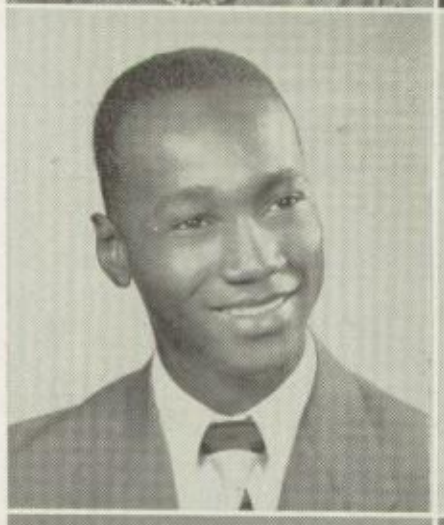
Jean, a very capable member of the commercial course, plans to become a stenographer after graduation. Finger painting is her greatest interest although drawing of any type is her chief pastime. She really enjoys both football and tennis. With her artistic ability she is certain to find success in life.

CLARENCE W. BAUSUM, JR.

"Moose," whose ambition in life is to become a machinist, was enrolled in the vocational course. He can play or watch a game of football anytime and enjoys working with wood or metal. To you, "Moose"—from the Class of '52—loads of happiness and success!

LESTER T. ALSTON

To attend Penn State or Lehigh and then enter the newspaper or radio field is "Sy's" ambition in life. He was first semester class secretary and also president of his homeroom. He tells us that football is one of his greatest interests and he certainly did a splendid job on our team. With his ability we know he'll achieve the best.

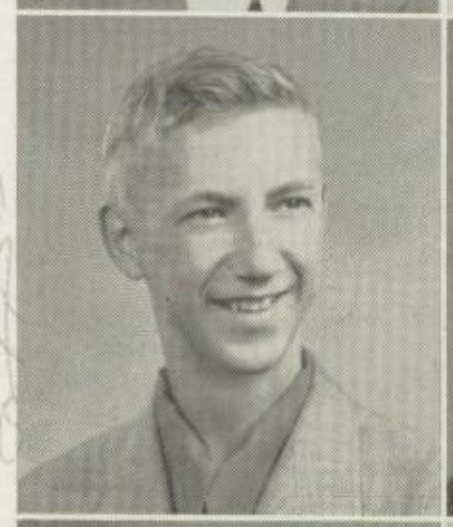


KATHRYN L. BELL

"Kitty Lou's" artistic talent was appreciated by everyone. Her chief pastime is roller skating, dancing, . . . or better yet . . . a good basketball game. She plans to become a nurse at Jefferson Hospital, and with her ability we're sure she'll succeed. All of us join in wishing "Kitty Lou" the best of luck!

ROY ASHMAN

"Denny," a member of the vocational course, wishes, like many others, to make a lot of money and retire early. Roy enjoys reading a good book or going to the movies. He also likes baseball and thinks lunch is the best period of the day. The best to you, "Denny."



KATHRYN L. BENDER

It's a shame that all classes can't have a "Cassie." Her wit and jolly spirit were shared by everyone. She enjoyed all types of sports, particularly basketball. "Cassie" yearns to be a private secretary, and we're backing her all the way.

ANNE E. BALDWIN

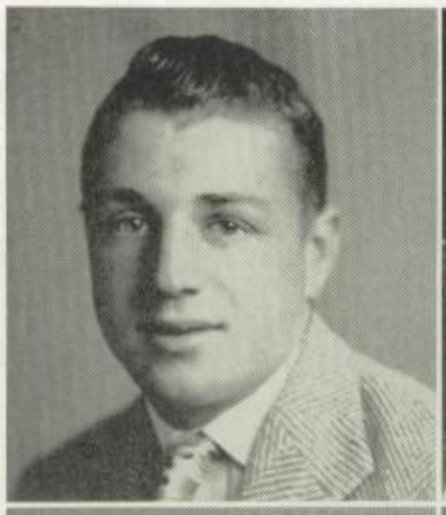
"Matsy" took the general clerical course and would like to become an interior decorator. She was president of Y-Teens for two years, and a member of the Library and Home Ec. Clubs, Co-Ed Hi-Y, and A. Y. Dancing and tennis are Anne's greatest interests. We wish Anne all the prosperity in the world.

DIANA M. BEVAN

The best all-around girl P. H. S. has ever known and the one girl whom no one could dislike is our "Diane." She desires to become a secretary and we know she'll be successful. She enjoys all the school dances and supported our football and basketball teams loyally. We join in wishing Diana the best life has to offer.

JOHN J. BORIS

"Jack," another great sports lover, took the vocational course during his stay in P. H. S. You could either find him playing guard on our football team, or center for the Red Shields. To one of those classmates whose ambition is to "make a million" go our best wishes for success in the future.



INA K. BRINICH

"Inie"—a silent member of the senior class, plans to become either a secretary or a beautician after graduation. Her greatest interest and chief pastime is playing the accordion—and how she can glide over that keyboard. Her favorite class is English, which she really enjoys. Lots of luck and success from the Class of '52!

EILEEN R. BORUCH

Our pretty "Brown Eyes" contributed much to our class during her four years in P. H. S. She did a fine job in A. I. D., Choir, Allied Youth, and Dramatics, French, and Library Clubs. One of our "Mighty Staff," she wants to attend Penn State. "Leen" loved school and everything about it. May you have luck and love forever.

LORNA BUBER

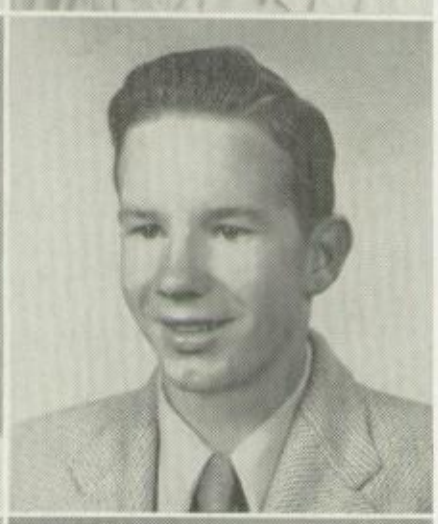
"The efficient one" best describes Lorna. She worked her fingers to the bone as president of the class and also as president of the Home Ec. Club. She aspires to become a private secretary and we are sure she'll be an asset to any firm. She also sang a sweet alto in the choirs. We know Lorna is sure to be a success in all her undertakings.

JOSEPHINE P. BOWERS

"Jo," as she was known to us, wishes to become a commercial secretary after graduation. She likes sports in general, especially tennis, and her favorite class in P. H. S. was shorthand. We all wish her the best of everything in the years ahead.

LAWRENCE BURNS

"Larry" spent a successful senior year taking the retail course. When he wasn't cheering at our football games, he could be found reading a good book or attending a movie. To one of our classmates of the more serious type, we wish the best of everything in the future.

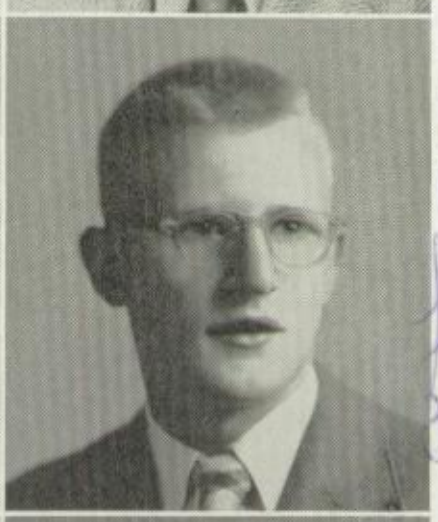


CAROL M. BRADBURY

Sweet and quiet best describe our Carol. She followed the commercial secretarial curriculum during her stay in P. H. S. She enjoys dancing, and shorthand, but especially football games. All our best wishes go with you, "Brad."

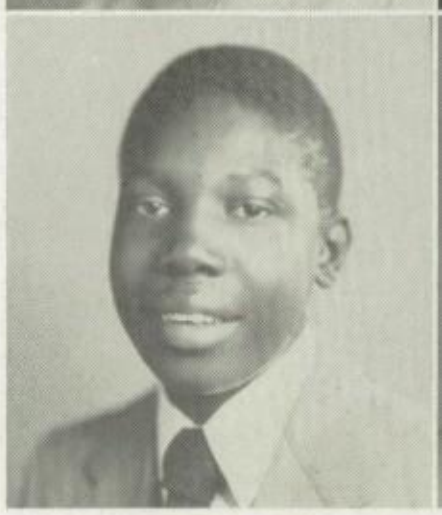
GERALD H. CALLAWAY

"Cab" was always telling the rest of the vocational boys to "take a break." In football and basketball, whatever "Cab" lacks in height he overcomes with his competitive spirit and enthusiasm. "Jerry" really enjoyed machine shop and intends to become a good machinist. The best of luck to you, "Cab," in whatever you do.



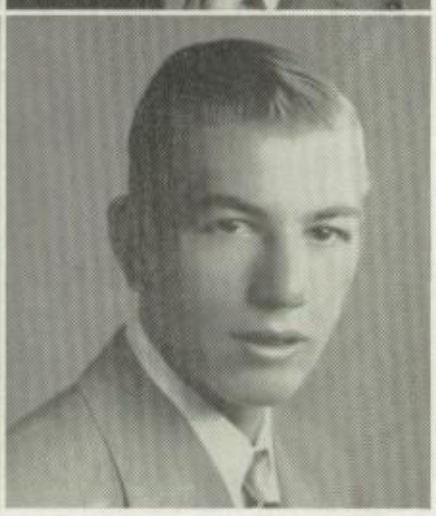
WALLACE W. BREEDON

"Wally's" greatest ambition is to make gobs of money and live to enjoy it. He found basketball his favorite sport, and reading his favorite pastime. The cafeteria had the greatest fascination for "Wally." We hope that much of life's success is directed his way.



DOUGLAS C. CAMODECA

"Take a break" echoes down the hall and you can be sure "Doug" is around. He enjoys wood shop immensely and his life's ambition is to become a successful carpenter some day. "Doug" can usually be found listening to polkas or cheering for the basketball and football teams of P. H. S. We all wish "Doug" the best.

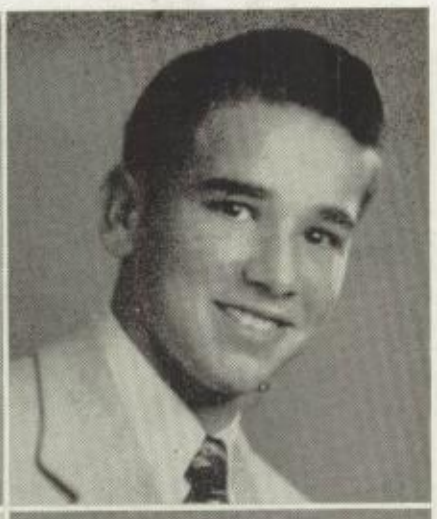


MARGARET A. CASSERLY

"Margie" came to us in her junior year and has made a hit with everyone. She is a member of the distributive education class and hopes to obtain a good position in the field of retailing. You can usually hear her exclaiming, "How about that!" Lots of success in whatever you undertake.

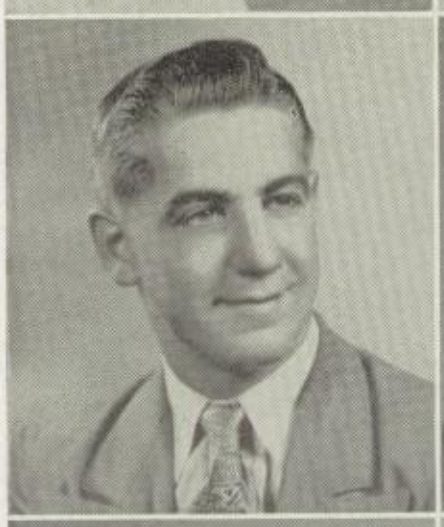
THOMAS J. CRAIG

A good-natured "Hello there" accompanied by cordial conversation best describes our "Skip." Interested mainly in the spiritual, altruistic side of life, he is concentrating on performing his obligation as a Salvation Army officer. We therefore rest assured that the best of life may find dwelling with him in the years ahead.



PAUL W. CLAUSER

"Snookie" took the vocational course and his ambition is to own a chain of service stations. Paul could often be seen driving his pals around in his Chevvy coupe. Football is one of "Snookie's" greatest interests and he enjoys participating in a good game as much as watching it. Best of luck in the years ahead!

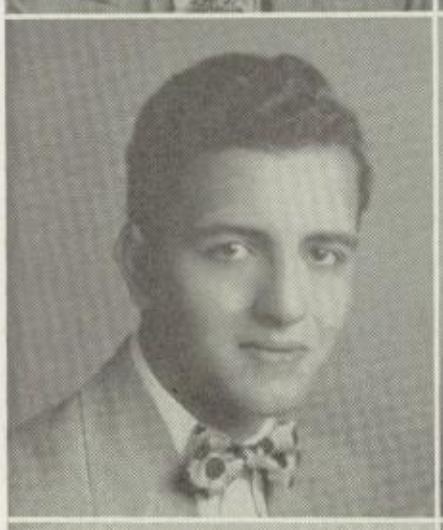


RONALD CRESSWELL

"Ron" was one of our more bashful members of the vocational course. He could always be seen driving around in his car, his most cherished possession. "Ronnie's" main interest in P. H. S. was assemblies, which he enjoyed immensely. To a future carpenter we wish the best of good fortune.

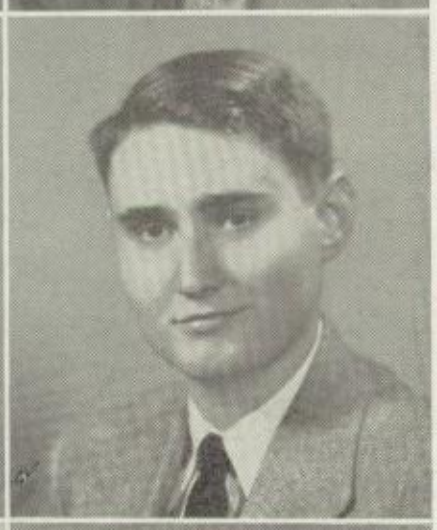
ANTHONY A. CODI

"Tony" is taking the commercial course but is undecided about his future. He likes to play and watch baseball, and enjoyed the senior play above all other school activities. He can be seen in the Capitol Theatre faithfully performing his duties as usher. The class wishes you the best of everything, "Tony."



JOHN E. CULLEN

"Longjohn," a member of the D. E. class, desires to travel abroad and see the world. He can always be seen wearing a bright red cap and stalking through the woods around November 1st. We also hear that John's quite an authority on Pennsylvania's history. We all join in wishing you all the happiness and success in the world.



CAROLLE ANN CORTEZ

"Carol," one of our academic students, wishes to attend Kutztown State Teachers' College next fall and become a successful teacher. To a question she usually replies with "Well, so what?" She regularly attended our football and basketball games and certainly enjoyed them. We wish Carolle all the success in the world.

FRANCIS E. CURRY

Francis was a member of the vocational curriculum. He really enjoyed gym and machine shop. His chief pastime is working (that's a pastime?) and he could be seen at all the football games. Girls are his greatest interest. After graduation, "Curry" plans to enter the service. Our best wishes go with you, Francis.

BETTY JANE COULSON

Quiet, petite, and shy, best describe our "B. J." She took the commercial course and hopes to be one of our "Number, Please" girls in the near future. You could always find her cheering for our football team. When you hear "Oh well, gosh," you know Betty is on her way down the hall. Good luck, "B. J."

HELEN M. CURRY

As co-captain of the cheerleaders, "Currie's" pep and vigor cannot be surpassed. She contributed a great deal to A. Y., Choirs, Y-Teens, and French Club. Helen likes our assemblies, and we like her cute expression, "Howdy." With her ambition and personality, we're sure she'll succeed in all her endeavors.

BEVERLY A. DANDO

"Bev" is more proof that good things come in small packages. Her ambition is to enter Temple University to become a laboratory technician. She supported our football and basketball teams ardently and claims she enjoyed assemblies the most. We wish "Bev" nothing but the best.

CHARLES H. DAUBERT

"Charlie" took the general clerical course and plans to become a civil service worker. Martin and Lewis are his favorites, but "Our Miss Brooks" ranked tops with "Charlie." Basketball is his favorite sport, both as a participant and spectator, but he also rooted wholeheartedly for our football team. Best of luck to a little guy who has what it takes.

JEAN E. DAVIS

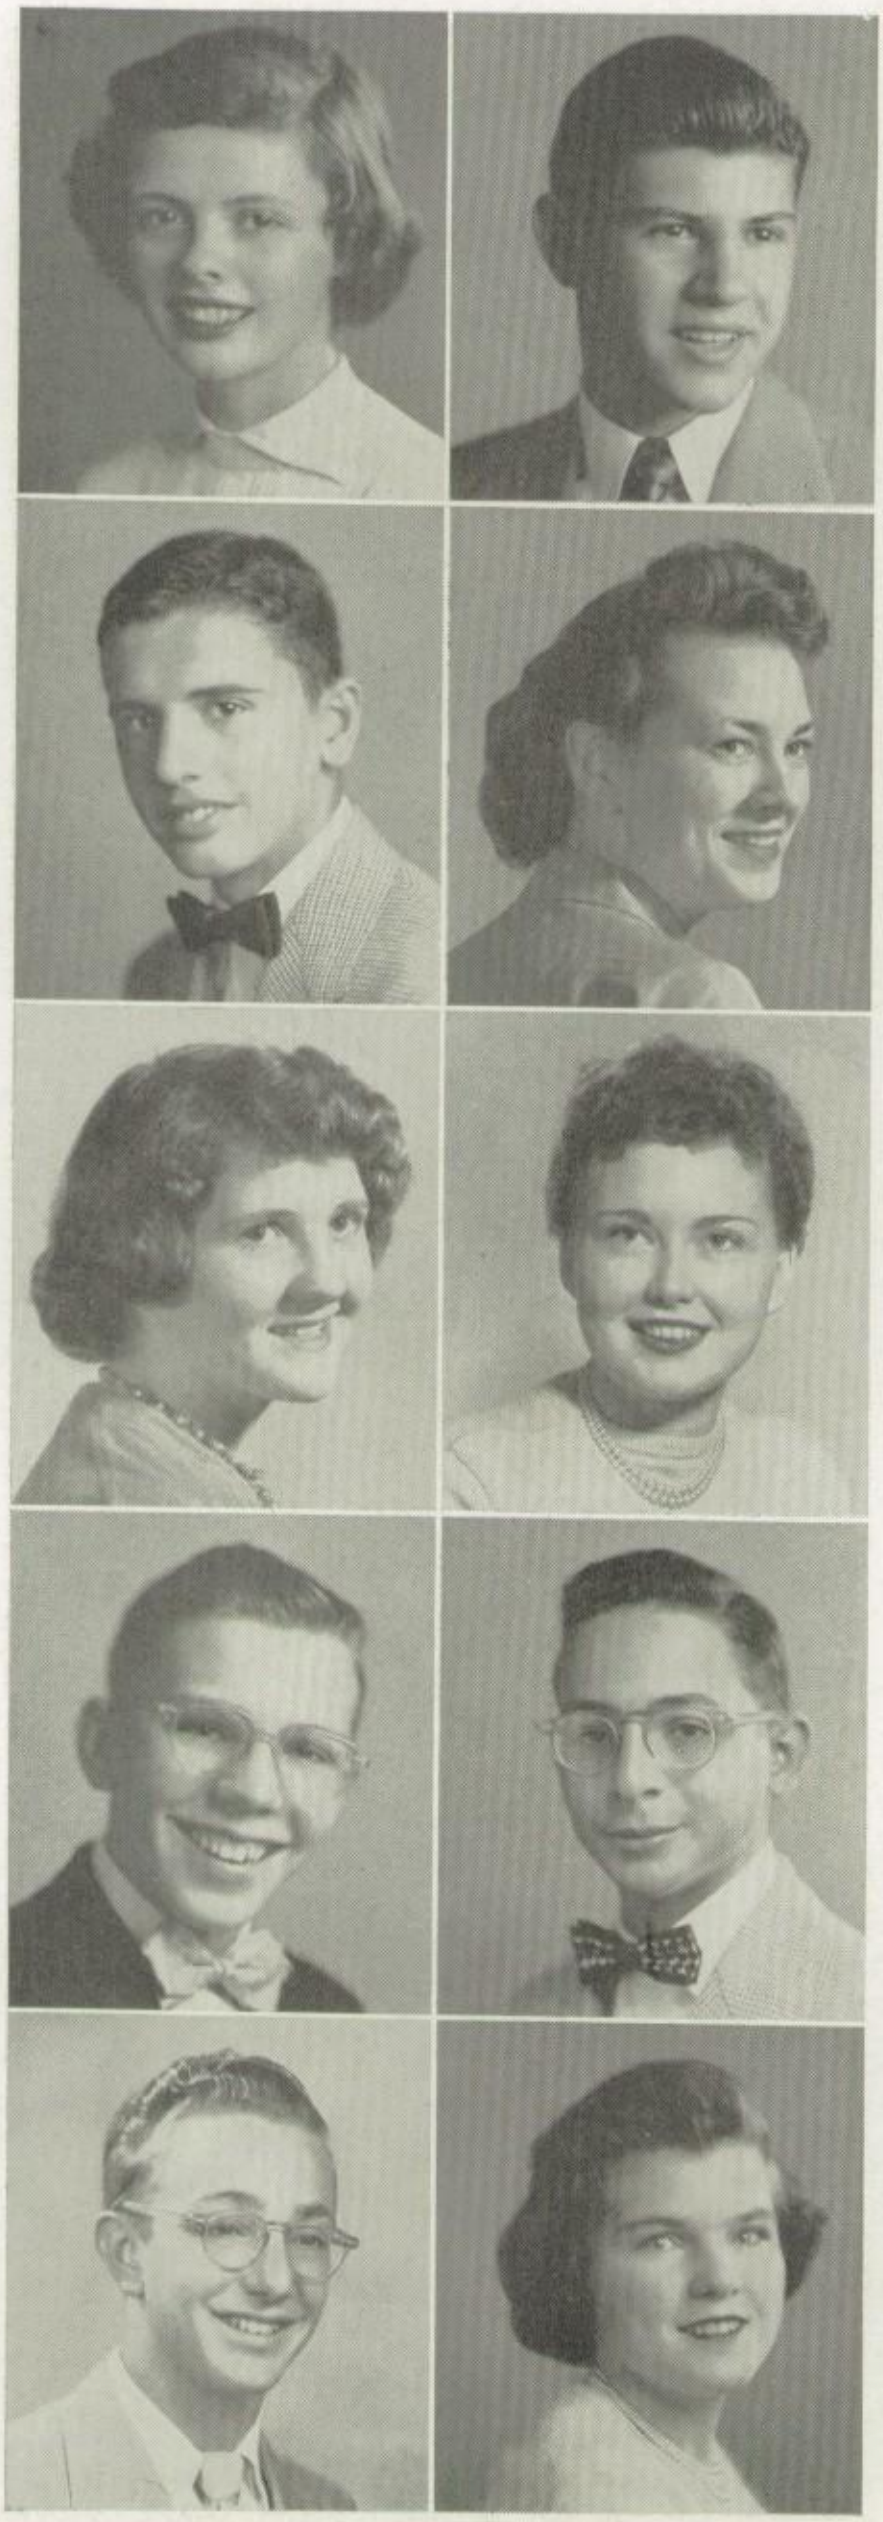
Senior Y-Teens has really had an unusually successful year with our efficient, reliable "Jeanne" as its prexie. "Jeanne" enjoyed home nursing very much, and her initiative is to become a surgical nurse at Kings County Hospital. Hence, to a future angel of mercy we extend our sincerest wishes for a highly successful career.

HARRY DECHERT

Like father, like son, so they say, and so it is with handsome Harry, for he would like nothing better than to become a heating engineer. He is well known as a matchless marimba player, and music is tops with him. And with his well-favored, kindhearted "good morning," he has won the hearts of us all. Best of luck always.

LOUIS DELLAGO

"Louie," a hunter and angler from mighty Marlin, says that he is going to sign up with Uncle Sam's recruits in the near future. His curly locks and cheerful smile aptly display his friendly personality. We were sorry to see him leave us this year, but wish him happy years ahead.



ANTHONY DeMATTEO

"Tony" took the commercial course and would like to go in business for himself after graduation. He gave his best on the gridiron and received much acclaim for his outstanding performances. He would like to attend Kentucky University to further his education. To you, "Tony," from the Class of '52, all the happiness and success in the world.

JOAN E. DERR

"Doll" took the business course and hopes to get a good job after graduation. She was a member of A. Y. and enjoys skating, listening to Johnnie Ray, and riding in a black Ford. Joan enjoyed history and lunch best of all in P. H. S. Lots of luck and success in the future.

EDITH I. DEVINE

"Dee" is a member of the commercial course. She plans to attend the Trenton Beauty College after graduation. She enjoys football and swimming, although dancing is her greatest interest. We wish our future beautician all the luck and success in the world.

C. JERRY DIAMOND

"Jerry" was president of the class, president of N. H. S., vice-president of the Debating Club, and business manager of the annual. A busy lad, but never too busy to chime in with a friendly "George" to anything, "Jerry" enjoys reading and playing basketball. "Jerry" plans to attend M. I. T. We wish the best of luck to a swell guy.

FRANCES A. DIMMERLING

Frances hails from Mill Creek Manor and has been a great aid to our cheerleading staff. She was a member of the clerical course and her favorite pastimes are reading and enjoying a good meal. Her favorite expression is "Cut it out!" Lots of success in whatever you plan to do.

JOHN E. DOUGHERTY

"Doc," one of our class's outstanding personalities, was a credit to it whether in the classroom or on the gridiron as one of Mr. Kadel's favorite proteges. He lent his energies as president of Choral Ensemble and as a member of the N. H. S., A. Y., and senior play cast. He intends to enter Lehigh and study accounting. We wish Jack all the success he so richly deserves.

CAROL J. DREHER

Carol, an industrious member of the clerical course, plans to secure a good job after graduation and then settle down to a happy life. She could always be found at the football games cheering with all her heart for P. H. S. Carol enjoys a good book any time and is a connoisseur of good food. Good luck, Carol!

TERRENCE A. DUNBAR

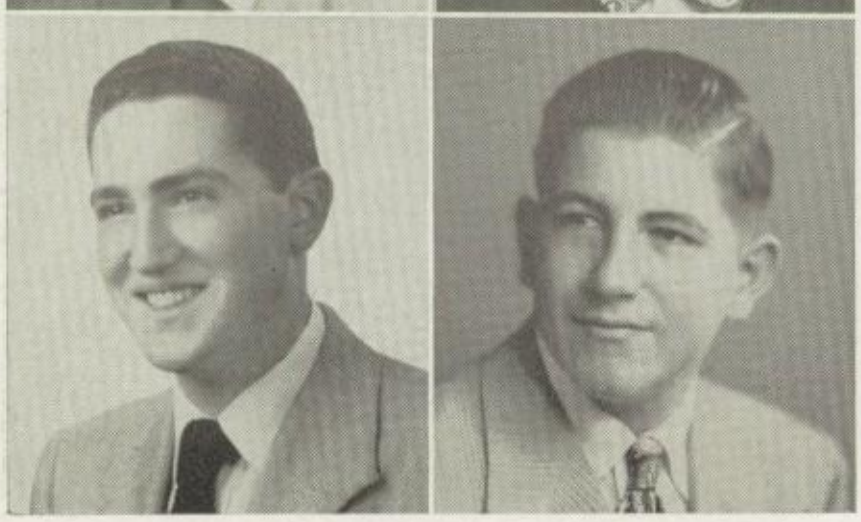
"Terry" plans to go to the sunny state of California to be a C. P. A. Sitting in the bleachers, "Terry" could always be found urging our team on to victory. He claims there is nothing like Miss Curran's D. E. class. "Terry" thinks eating a good meal and having a date is the best way to pass the time away. He hopes to further his education at Temple. Good luck.

JAMES EAGAN

"Dinny," the class dimwit, has no particular ambition in life, but he would like to travel (Hawaii, maybe?). His greatest interests are in sports and in the navy. His favorite pastime is "acting up," of which he is quite capable. We certainly wish you the best. "Take it easy, Ace."

DAVID T. EBER

"Maxie" took the academic course and would like to further his education at Penn State. He claims his chief pastimes are discusing politics and photography. "Dave," who was a member of the Camera Club and the Choirs, really enjoyed all sports and dances. We know that whatever you do, you'll succeed.



LOIS ANN EBLING

"Wee," who took the general clerical course, hopes to become a successful dress designer. Swimming, playing volleyball, and watching football games take up most of Lois's spare time. With plenty of experience behind the soda fountain, Lois could usually be found in Sayor's Rexall Store. May your every ambition and hope be fulfilled in the future.

LAURA I. EHLINGER

"Susie" was a member of our home ec. course and would like to become a dressmaker and the best cook in the world. She is interested in most sports, but especially swimming and roller-skating. From the Class of '52—the greatest measures of success life has to offer.

SUSAN H. ESPY

"Hmmm Boy!" . . . that's our "Toodie's" favorite expression. Intramural basketball and music seemed to rank first with her. "Toodie" desires to become a nurse, but first to attend Cedar Crest College. To the secretary of A. I. D., whose wonderful personality and sense of humor we will never forget, we wish success galore!

RICHARD J. FIORILLO

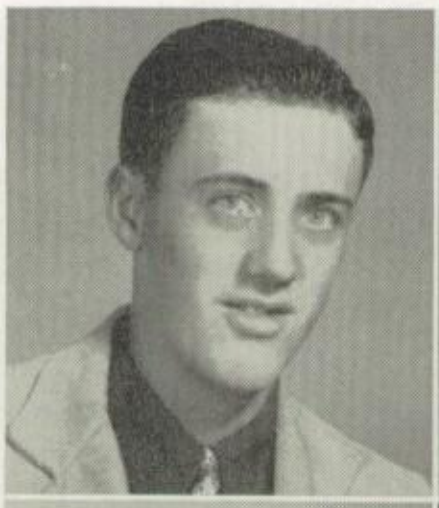
"Come here once" and I will tell you all about "Dick," Palo Alto's gift to P. H. S. He really goes in for all athletic events, especially baseball and football. Easy-going and cheerful, he is well fitted to be a doctor or dentist, which is just what he hopes to be after graduation from college. We all wish him the best.

EUGENE R. FLUCK

There is never a dull moment when "Gene" is in our company. Always ready with a wisecrack, he is chemically, photographically, and musically, but chiefly medically minded. A real pro in tennis, and a real fan in football, he intends to enroll at Penn State in September; and with so witty a personality, he will go a long way.

DANIEL J. FLYNN, JR.

"Pete," the young man with the taps, was certainly well known for his dancing ability and hopes to further his career in this field. "Dan" is also an eminent musician, as he proved with his French horn in the band. Next to dancing and music, photography ranks high with "Pete." We hope you reach the top in your chosen profession.



MARK B. FREEDMAN

Mark was a real student who has the ability to concentrate on the object at hand. This will surely help Mark when he attends Haverford College. As a member of N. H. S., French Club, and A. Y., he contributed to the social phase of school. As a basketball player, Mark exhibits his exceptional drive and stamina which shall help him succeed in the future.

BENJAMIN H. FOSTER

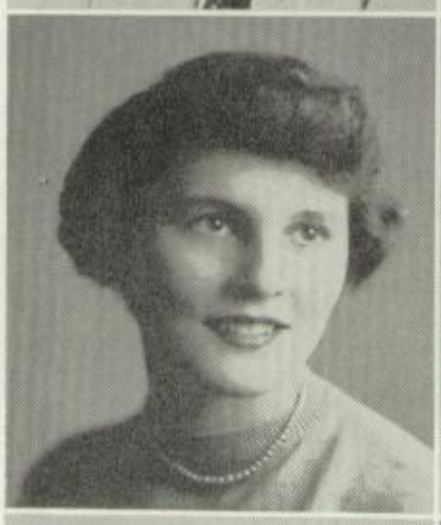
"Ben," an industrious member of the general clerical course, plans to attend Percy Crawford's King's College to become a Salvation Army officer. An outstanding member of the track team, "Ben" also participated in the activities of the P. M. C. and Varsity Club. We wish you all the happiness and success you so richly deserve.

SHIRLEY ANN FREEZE

"Freezie" was a great aid to Mr. Lindeman in the commercial lab. Shirley sang in both A Cappella and Choral Ensemble and also contributed to Y-Teens. After graduation, she desires to become a private secretary to some businessman. With her ability, we know she'll succeed in all her endeavors.

MARGARET R. FOX

Sweet and pretty is the best description we can give of our "Peggy." Her ambition is to be a secretary. She was an efficient homeroom president for three years. She can sit and listen to good music anytime and enjoyed watching or playing a good game of basketball. Her "Take it easy" will long be remembered in P. H. S.



ELIZABETH ANN GALLE

Tiny "Bet" was the one at whom we always had to look twice to see if she was really there, except on the dance floor, where she excelled. She was a faithful football fan and her "Oh, well" could be heard anytime. With her personality we know she'll go far.

ALBERT P. FRANCIS

"Buddy" took the academic course and would like to attend West Point Military Academy. He took part in many school activities and was secretary of the T. K. D. "Buddy" displayed his talents on both the gridiron and the basketball court, and with his ambition and ability, he is certain to succeed in any field.

JEAN GAWRYS

"Jeanie," a member of the commercial course, was greatly interested in art and would like to become a commercial artist. She also likes to read and really enjoyed the football games, which she rarely missed. To "Jeanie," one of the quietest girls in the class, we wish success and happiness in every endeavor.

CAROL ANN FRANCIS

"Ricky's" ambition is to go to Washington, D. C., and further her ballet career. She could always be found "strutting" as a majorette for the Good Will Drum Corps. "Ricky," who enjoyed shorthand, history, and English the most, was a member of the commercial course. From the Class of '52 — good luck!

NANCY JANE GELLERT

"Dimples" was one of Mr. Breslin's able helpers. She contributed much to Y-Teens and Allied Youth, and wants to become a telephone operator after graduation. She will long be remembered in P. H. S. for her winning smile. Good luck, Nancy.

BRUNO W. GENERELLA

"Bucko" is undecided on his future, but would like to attend Bloomsburg State Teachers' College. As a member of A. Y. and the Poster Makers' Club, "Bucko" helped the cause. He plays baseball with a lust for competition and when he applies that spirit to the outside world, "Bucko" will surely set it on fire.

LUCILLE GERACE

A member of the commercial course, "Lucy" participated in A. Y., Y-Teens, and the Home Ec. Club. Among her many interests are dancing, reading, and movies. "Lu" would like to further her education at a good business school and become an efficient secretary. She replies to almost everything with a friendly smile. We will always remember our "Lucy."

EVELYN J. GILCHRIST

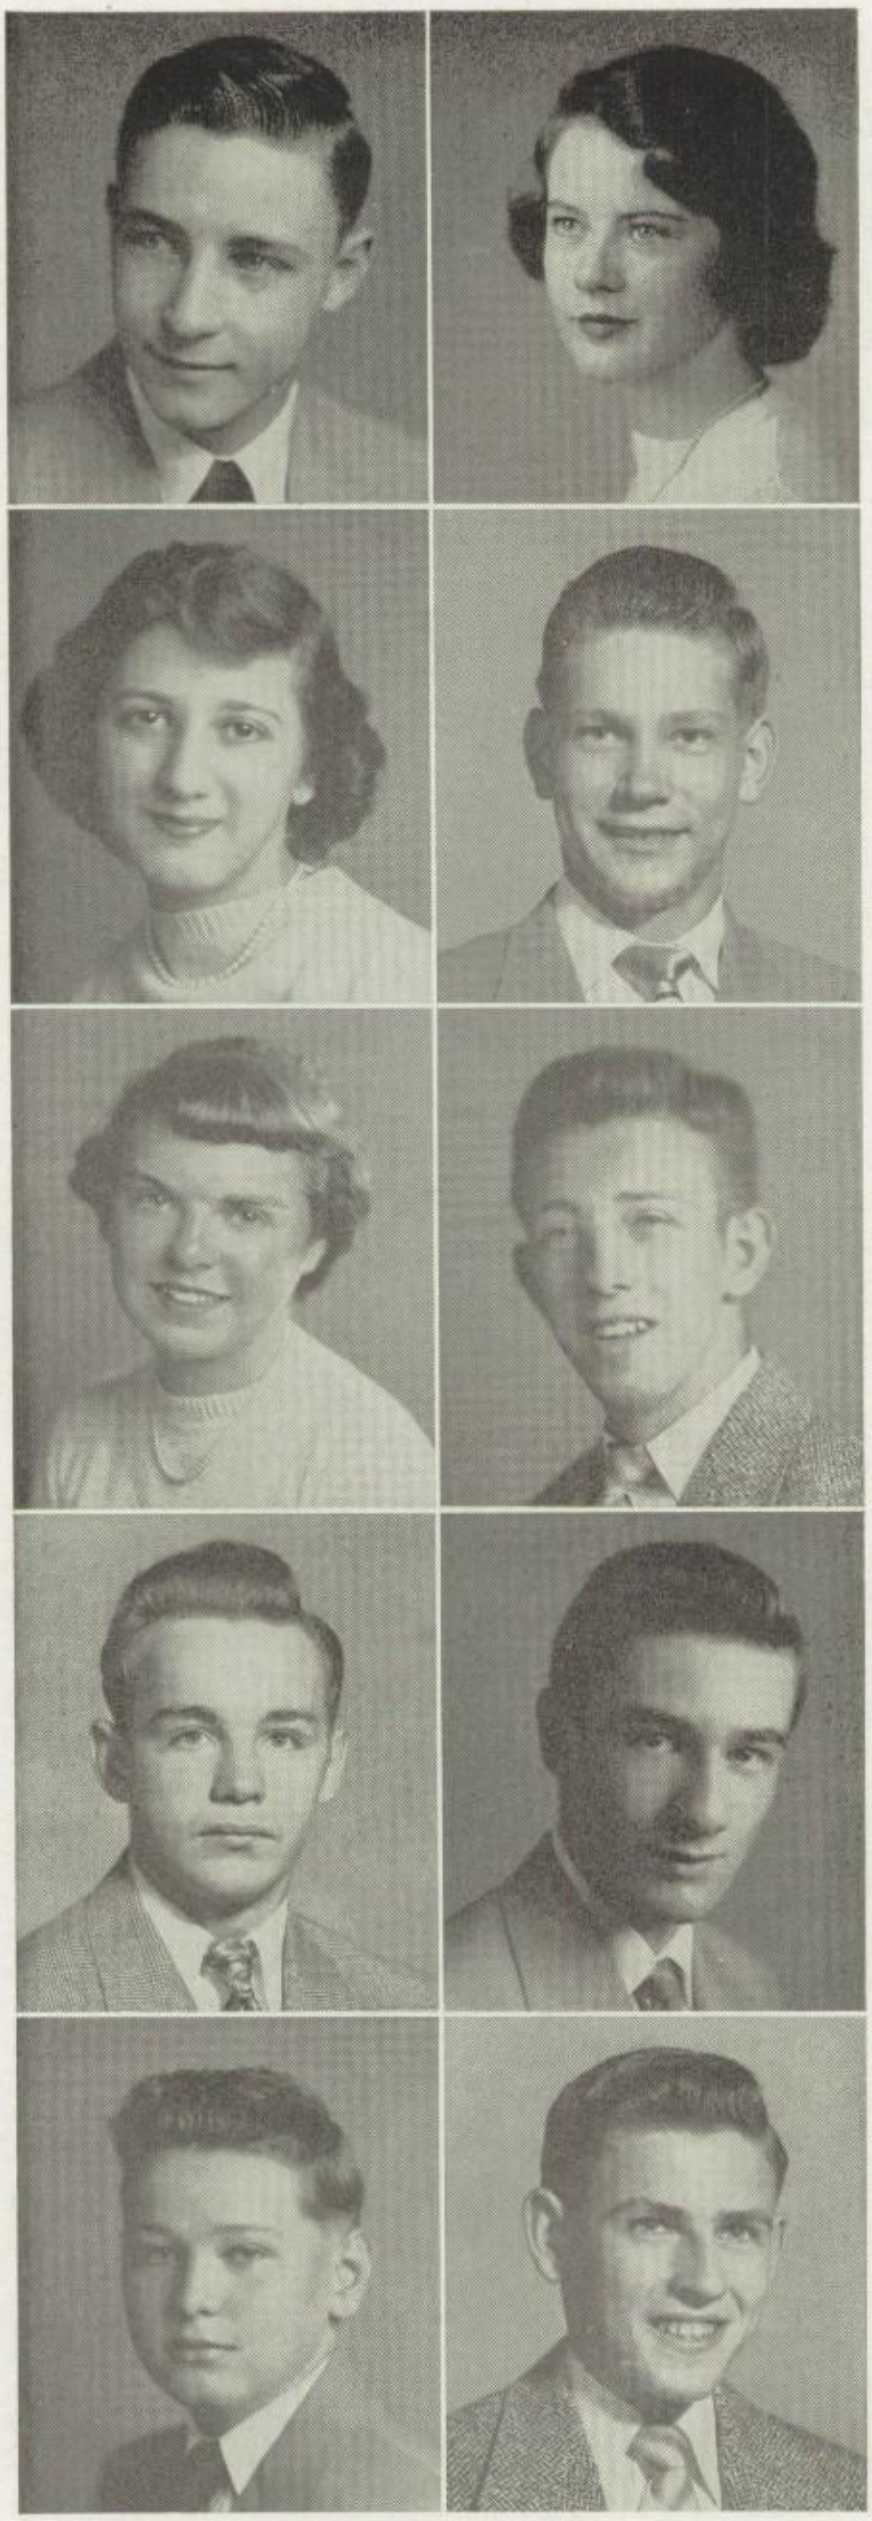
"Evie," who took part in A. I. D., Library Club, Sketch Club, and A. Y., wants to become a successful teacher. She enjoys drawing and painting, watching a good game of football, and also likes to swim in her spare summer hours. We wish "Evie" the best of everything.

RAYMOND C. GILLESPIE

"Ray," one of our industrious classmates, spent most of his time trying to find some new adventure for which he could use his abundant energies. "Ray" could always be found cheering at our football games on Friday nights and rooting equally as well at the basketball games. To "Ray" go our best wishes for success and happiness.

JEROME N. GLINCOSKY

"Jerry's" life's ambition is to become a successful machinist as a result of all the effort he put forth in the machine shop. Above all other sports, football and baseball were tops with "Jerry." Best of luck from all of us!



BARBARA M. GRABEY

"Barb" can sit through the thrills of a football game anytime, but limits her own activities in sports to swimming. Cooking and listening to music are Barbara's ways of spending leisure time. "Barb" contributed her talents to the senior play and the Debating Club. To a girl who loves to dance, we hope you may dance your way through the stages of life.

RONALD P. GRAPSY

After you graduate and are looking for someone to work on your income tax forms, call on "Boots," who plans to attend Penn State to become an accountant. He could be found at any school dance and at any debate, as he was tough competition in the Debating Club. We feel certain that "Boots" will achieve success always.

HARRY M. GREENBERG

"Hank" was the vice-president of the D. E. class, who liked to say to the appropriate girls, "Hiya, beautiful!" A real whiz at baseball, Harry will see Uncle Sam about the marines first (before joining the major leagues). The best of luck to you, "Hank," a future guardian of the U. S. A.

SAUL GREENBERG

Saul, a member of the D. E. class, would like to enter Penn State and study business administration. He enjoys baseball, both as a spectator and participant. His greatest interest is travel. While in P. H. S., Saul enjoyed the assemblies more than any other activity. Good luck to you, Saul, in all that you do.

THOMAS R. GREENBERG

"Gus," a quiet and efficient distributive education student, plans to join the ranks of the U. S. marines after graduation. "Tom's" hobby is an unusual one — training dogs — and he's had unusual success. "Gus's" greatest interest at P. H. S. was our football team. We wish all the success in the world to a grand, all-around guy.

RICHARD D. GROSSMAN

So "for Pete's sake," "Dutchie," keep singing in the future as well as you have in the past.

PAUL A. SINCOSKIE

"Butch" is one of our quiet academic students; that is, until you get to know him. His ambition in life is to become a wild-life expert. JOCELYN B. SMITH

Tall, blonde-haired, fun-loving—that's our "Jocie." She was Mrs. Deitrich's pride and delight since she could make a dress in a flash. Should you mention a blue Buick, "Jocie" is right with you. (She loves them.) As hostess in our Minuet she did an excellent job; and with her personality, she is bound to attain her goal.

BETTEMAE STAUDT

Bettemae, our future commercial lecturer, enjoyed Miss Betz's typing class as no one else could. A fan for doings at the Varsity Grille, she could be heard from one end of the hall to the other with her, "Are you going to the Grille tonight?" To you, Bettemae, we send all the success in the world.

MELVIN F. WEISS

"Nelson's" greatest ambition in life is to get married (here's your chance, gals). He enjoyed bowling and dancing, but his greatest interest was to be found in shop. Instrumental music instruction is given in the seventh and eighth grades. All instruments of the military band are taught. Classes are on a rotating schedule and are held each day of the school week. Beginner students are started in the seventh grade, and advanced work is given in the eighth grade. A large number of the instruments are furnished by the school, while some are owned by the students. As soon as students are able to play satisfactorily, they are taken into the Junior Band.

The Junior Band has a membership of thirty-five players. Two rehearsals are held each week during the noon hour. The band plays for assembly concerts and for civic affairs. It also participates in the annual high school spring concert. Being a member of the Junior Band is a prerequisite to becoming a member of the high school band.

Student Council

This year marks the twenty-sixth anniversary of the Student Council. Most of the work is carried on by committees.

The Council sent representatives to the State Conference of Student Councils at Kittanning, Pennsylvania.

The annual Penny-a-Week drive reached the total of $470.49. This was used for toys for needy children and food baskets for needy families at Christmas.

Formal organization of the Schuylkill County Association of Student Councils was completed early this year. James Taylor was elected president of the organization.

Activities of the Council included the color ceremony, the Christmas party for children of the faculty and brothers and sisters of Council members, the All-School Dance, and the Council picnic. The Council ushered at school affairs, chartered buses to away football games, and operated the concession stands at the home football and basketball games.

In addition to these yearly activities, the Council sold P. H. S. sweatshirts, took an employment survey to find the percentage of parents employed outside Schuylkill County, and sent out food baskets to needy families on Thanksgiving Day.

This year, for the first time, a system of rating the Council members was put into effect. Each representative was rated by his homeroom and by the homeroom teacher. This was done at the end of the first semester.

The past successful year was due to the capable and understanding direction of the advisor, Miss Dorothy K. Critz.

The Alpha Iota Delta was organized in September, 1950, as the first group in Pottsville High School whose sole purpose is service. The initial letters of the Greek words form the English word AID.

The membership is limited to at the least, twenty girls, and at the most, twenty-five girls. The organization is striving to give these girls practical lessons in citizenship.

Among the services rendered, Alpha Iota Delta has helped promote the March of Dimes campaign and also packed a Christmas package for a needy family. A. I. D. has also provided a home-bound student with two magazines for a period of two years.

Hi - S - Potts *Newspaper Staff*

Pottsville High School's official news publication completed its twenty-fifth consecutive year of publication during the 1952 season.

Confronted with publication problems that are common to most American Interscholastic Newspapers, the newspaper staff valiantly faced obstacles that in most cases would have proved insurmountable.

Publication was delayed until the second semester; then several issues were printed.

The subscription list of the newspaper was the largest in its history.

It is hoped that a full schedule of regular two or three week issues will be printed in the 1952 - '53 centennial year.

For the first time since 1935 the **Hi-S-Potts** newspaper failed to enter the Columbia Scholastic Press Conference in New York City. It hopes to enter this internationally famous interscholastic press competition in 1953. **Hi-S-Potts** newspaper has taken first place national awards several times at this conference.

Library Club

One of the best means of developing interest in the school library is the organization of public assistants.

The Library Club is composed of forty-eight library helpers who are given an opportunity to participate in as many library duties as possible in order that they may develop well-rounded conceptions of library service. The responsibility of this group is centered around citizenship practices in the library, assistance in charging books, shelving books, and helping fellow-pupils to use materials more readily. These girls volunteer their work during study periods and before school.

Meetings are held in the library on the second and fourth Tuesday of the month. The group is under the guidance of the librarian, Miss Jones.

This year an innovation in the admission of new members was inaugurated. For admission into the club, the candidate submitted a stuffed toy as a contribution to the Penny-a-Week Drive. These toys were judged on the basis of the quality of the workmanship.

A monetary prize is given at the end of the year to the senior member who has contributed most to the benefit and progressiveness of the club.

The year "51 - 52" has been a successful one. The club contributed to the Penny-a-Week Drive, took a trip to New York, and held skating parties. bake sales, and an initiation party.

Sketch Club

The Sketch Club is composed of art students who have successfully passed the tryouts and initiations. The tryouts this year consisted of a still life, a real life, and a personal selection. The mediums used were pencil, charcoal, and water color.

The club this year is composed of twenty-two members.

Regular business meetings are held every Monday after school. A social meeting is held every other Tuesday night at the home of a volunteering member.

Other activities of the club this year included a Christmas dance, the "Frosty Frolic," which will be held annually, and a doggie roast, to which members and their friends were invited.

There has been many P. H. S. graduates whose work has been acclaimed by professionals. Pottsville High has always proved itself outstanding in the field of art. The interscholastic competition, however, is keen; and when P. H. S. takes the majority of prizes, we have reason to be proud.

Throughout the year, the members of the club engaged in their activities with great enthusiasm and interest. The most outstanding events of this school term were the dissection of a rabbit by Jack Strohecker, and a trip to Fels Planetarium in Philadelphia.

Membership in this club is open only to those who have studied or are studying biology. An examination is conducted at the beginning of each school term and only those with the best knowledge of biology are accepted.

The Dramatics Club is composed of students interested in being in plays and programs for assemblies. There are several members from each class represented in the club.

This year several programs were featured including two musical shows and two plays. The first play, given in October, was entitled "Ghost For Rent"; the second, given in April, was entitled "Getting Gracie Graduated." The musical shows were featured at Christmas and in the spring.

Miss Garrett, working with the members of the club, has made it quite an outstanding year.

Senior Play

"OUR MISS BROOKS"

On November 14, 1951, the Class of '52 presented a three-act play, "Our Miss Brooks."

Miss Brooks is a most human English teacher whose students love her but take every advantage of her. She's always in trouble; if it's not one thing, it's another. The final blow falls when Miss Brooks is selected to direct the school play. More complications ensue and Miss Brooks' problems increase a hundred fold.

Minuet

The Minuet of Pottsville High School departed from its traditional setting of past years with a new, humorous, and gay original dance choreographed and directed by Miss Louise Lupkin, director of girls' physical education. A backdrop depicting a colonial stairway complete with musicians and a chandelier lent magnificent color to the setting; it was prepared by the art department under the supervision of Mrs. Emma Irwin, art teacher. Costume accessories for maids and guests gave a colonial touch in keeping with the costumes of the young men; these were prepared by the cast under the supervision of Mrs. Helen Deitrich, teacher of home economics.

Distributive Education Class

Each succeeding year finds more and more students availing themselves of the practical experience which highlights Distributive Education. The social contacts, the constant meeting and dealing with adults, and the developed ability to judge the quality of merchandise, are of great value. Distributive Education enables both boys and girls to secure store experience under observation, supervision, and guidance of the employer, and the teacher co-ordinator while attending school. The student earns approximately seven hundred dollars a year.

The school itself gains through Distributive Education inasmuch as the program broadens the educational facilities of the community and provides practical training opportunities for a group of students who wish to make retailing their career.

Distributive occupations rank third in the number of employment opportunities in this county. Therefore, Pottsville High School is among the progressive schools offering this worthwhile method of training necessary to up-grade the profession of retailing.

This year the community shared in the benefits of Distributive Education through an adult sales training program offered to the salespeople of our local stores. Managers, assistants, and buyers had the opportunity through the efforts of the Distributive Education Department to attend a conference heading course which was held in the Chamber of Commerce rooms.

In addition to our regular personnel, other members of our high school may share in the opportunities of learning to become intelligent salespeople by enrolling in our pre-Christmas training class for students who desire part-time employment while still in school.

Associated Choirs

EARL W. HAVILAND, Director

The Associated Choirs of Pottsville High School, composed of the A Cappella Choir of eighty-five voices, the Choral Ensemble of eighty-seven, the Folk Singers of forty-five, the Girls' Choral Club of sixty, the Junior Choir of one hundred, and the Patterson Division Choir of one hundred twenty, have completed a busy and successful year. Directed by Earl W. Haviland since their organization in 1928, the senior choirs, through participation in district, state and national choral festivals, numerous contest victories, radio broadcasts and exchange and joint concerts with high school and college choirs, have firmly established themselves in an enviable position of musical leadership throughout Pennsylvania.

The schedule of public appearances of the choirs included the 24th Annual Christmas Concert, the annual concert before the joint Christmas meeting of the Lions and Kiwanis Clubs, the annual Christmas broadcast over both local stations, sponsored by L. Hummel's Sons, Christmas carol singing on the streets, several assembly programs, participation in both the Eastern District Choral Festival at Lansford and the All-State Choral Festival at Wilkes-Barre, culminating in the concert before the Music Educators National Conference at Philadelphia on March 23. The climax of the concert season locally was the 24th Annual Choral Festival held on May 7.

Outstanding, over a period of 24 years, has been the loyal support and enthusiastic appreciation of the citizens of the city demonstrated by large audiences at the many concerts of the choirs.

The Folk Singers took part in the Veterans' Memorial Service at the stadium on May 25 and the A Cappella Choir sang at the Baccalaureate service on June 8.

In sustaining a high standard of choral achievement over many years, emphasis should be placed on vigorous and conscientious student leadership, a constant factor in securing continuity of superior results and the fine spirit of the membership of the choirs.

P. H. S. Band

The opening of the 1951-'52 school season found Mr. Leo F. Minnichbach, veteran director of the Pottsville High School Band, missing from his duties because of serious illness. Dr. Robert Braun, director of the local Third Brigade Band, was appointed by the Board of Education to assume the duties of the P. H. S. band leader until Mr. Minnichbach's return.

The membership of the band this year reached eighty-five and the organization played its usual entertaining role at the football games.

Twelve majorettes and a head drum majorette were included in the ranks of this musical organization and added much color and scintillating charm by their exhibitions of strutting, baton-twirling, and dancing. They also created essential parts of formations. The majorettes were: Jacqueline Joulwan (captain), Donna Banner, Treasure Eisenhauer, Shirley Heywood, Shirley Kehler, Joan Lewis, Jane Shuman, Louise Umholtz, Helen Buck, Judith Grabarek, Ruth Hafer, and Faye Sieber.

FAYE McGINLEY

The post of head drum majorette was again filled by Faye McGinley, who performed both capably and splendidly.

On October 29th, "Prof" Minnichbach returned to his duties and was given a rousing welcome by his charges. He appeared for the first time before the fans in the P. H. S. stadium at the Thanksgiving Day classic between Pottsville and Reading. Of particular note and interest at this game was the performance of a square dance, which was danced by the majorettes and members of the gym classes while the band in a huge square formation played appropriate music. The dance was directed by Miss Louise Lupkin, who also served as caller.

Auditions for the Pennsylvania Music Educators Association Eastern District Band were held on November 5th. Jack Long, trumpet; Charles Robb, trombone; and Vincent Bercher, clarinet, were chosen by competitive try-out to represent Pottsville High School at this meet, which was held at Northampton on April 3rd, 4th, and 5th, with Erik Leid-

zen, as guest conductor. It is interesting to note here that Mr. Leidzen was guest conductor for our own instrumental spring concert last year.

The sixteenth annual spring concert was held on April 23rd with Albertus Meyers, leader of the famous Allentown Band, as our guest conductor. Mr. Meyers, always a favorite with Pottsville audiences, proved once more his versatility as a leader and a showman. A well-rounded program of classics, semi-classics, and popular favorites was rendered in an artistic manner by the band, individual soloists, and small ensembles. The large audience showed its enthusiasm of the work of these young musicians by giving them a rousing reception.

The outstanding work of the Instrumental Music Department was lauded by Mr. Meyers, who said he always looks forward to returning to Pottsville to conduct such a splendid musical organization.

Music was provided by the band throughout the year for much appreciated assembly programs, parades, and patriotic and civic affairs.

A highly successful and satisfactory year was closed with the band's playing for the annual class day and commencement exercises.

FOOTBALL

Pottsville 26 — Frackville 0

The Crimson Tide opened another successful season with a 26-0 victory over Frackville High. Prahalis displayed a brilliant passing arm in addition to scoring the third touchdown on a quarterback sneak. Jack Heller booted the two extra points.

Pottsville 27 — Allentown Catholic 2

The men on the squad jolted Allentown Catholic by a 27-2 score for their second straight win of the season. Outstanding on the grid were Schappell and Alston, who scored the touchdowns, and Gus Prahalis, who again gave a wonderful exhibition of his passing abilities. The "Toe" kicked the conversions.

Pottsville 41 — Germantown 0

After being threatened by the talk of a strong Germantown team, our team came through with their third straight win of the season by crushing the big Philadelphia team, 41-0. Schappell, McDonald, and Alston scored the six-pointers, with big John Heller adding the singletons.

Pottsville 26 — Sunbury 14

Even though Sunbury marched over the white stripes with the opening kickoff, the red and white sank the spirited Sunbury team by a 26-14 score. Motta, Dougherty, McDonald, and Alston displayed fine running and charging throughout the game. This made four wins in a row for Kadel's gridders.

Pottsville 13 — Shamokin 6

Playing their first game away from home ground, the Tide squeezed out a 13-6 win over Shamokin High. With a tie score up until the last quarter, Gus Prahalis scored on a beautiful quarterback sneak to give the Crimson their fifth straight win of the season to remain unbeaten. Supko, Newton, Motta, and McDonald also played magnificently.

Pottsville 26 — Lebanon 33

The boys from Old High suffered their first defeat of the 1951 season when they traveled to Lebanon. Although they lost the game, we know they gave their all and displayed great spirit and sportsmanship, which is always characteristic of P. H. S. Both the line and the backs put on fine exhibitions with Heller kicking the extra points.

Pottsville 34 — Mt. Carmel 12

The boys on the team regained the win stride by rolling over Mt. Carmel, 34-12. Halfback Albert "Buddy" Francis was the big hit of the night when he scampered 58 yards through the entire opposition to pay-dirt. "Ace" Heller footed four out of five extras.

Pottsville 33 — Berwick 12

Berwick had a heavy team and boasted a fine unbeaten record, but P. H. S. literally ran over the Bulldogs, 33-12. McDonald was the star of the evening with his magnificent 95-yard touchdown jaunt with the opening kick-off. Other outstanding men in the game were Alston, Schappell, DeMatteo, and Prahalis. Again, Heller made the conversions.

Pottsville 7 — Tamaqua 0

The Crimson and White barely squeezed out a 7-0 victory over Tamaqua. The boys on both squads played brilliantly on a rain-soaked field. The rain and cold continued throughout the game, and I am sure that anyone who saw the contest will never forget it.

Pottsville 26 — Hazleton 6

Kadel's chargers traveled to Hazleton and defeated the high-spirited Hazleton team, 26-6. They clinched the Keystone Conference Championship for the third straight year and also won the Southern Division of the Eastern Football Conference which required a play-off game with Swoyersville on December 1.

Pottsville 7 — Reading 19

On a beautiful Thanksgiving Day afternoon the Black Knights of Reading turned back our men by a 19-7 score. Moore, the great star of the Reading team, recovered a fumble and raced 94 yards to pay-dirt. Schappell, Alston, McDonald, Prahalis, and the rest of the team played a fine game. Everyone was looking forward to the play-off with Swoyersville, just eight short days away.

Pottsville 2 — Swoyersville 20

A heavy Swoyersville team invaded the Memorial Stadium on December 1, 1951, to beat our hard-fighting men on a mud-caked field. Although we lost the game, the men on the squad displayed spirit and enthusiasm, even under heavy odds. Mr. Kadel and everyone on the team deserve our praise and admiration for a fine season.

I, the sports editor, want to take this opportunity to say, "Congratulations," to Coach Kadel and to all the men on the squad who worked to make this season a great success.

Although our basketball team was not as successful as some have been in previous years, we are proud of them for the fine exhibitions they performed on the hardwood. Coach "Eddie" Deitch worked hard with the boys and turned in a season, not exceptionally good in record, but certainly tops in spirit.

Senior members of the team are Gus Prahalis, Buddy Francis, Jack McDonald, and Joe Motta.

MR. BOSSICK

LAST WILL AND TESTAMENT

On the twenty-fifth day of March, in the year of our Lord One Thousand Nine Hundred and Fifty-two, the Last Will and Testament of the Senior Class of Pottsville High School, Schuylkill County, Pennsylvania, United States of America, was drawn up and witnessed.

We, the Class of 1952 of Pottsville High School, do hereby bequeath as follows:

TO THE CLASS OF 1953:

1. Our seats in assembly, our homerooms, and classrooms.
2. To the future chemists, our chemicals, laboratory equipment, and sweet-smelling gas odors.
3. The best of luck to the new annual staff, who will try to equal ours.
4. The qualities of the persons who made the Senior Play and Minuet a great success.

TO THE CLASS OF 1954:

1. Our congratulations to you upon becoming upper-classmen.

TO THE CLASS OF 1955:

1. Congratulations upon becoming sophomores.
2. May you have luck and success in your new adventures, while taking that long trek through the different sciences, maths, and languages.

TO THE CLASS OF 1956:

1. A hearty welcome to you as you enter P.H.S. May you always continue to seek out the knowledge that lies within the walls of our school.

TO THE ADMINISTRATION:

1. A sincere thanks to the School Board, Principal, and Deans, for the wonderful service they have rendered to us.
2. A deep appreciation for the long strenuous hours of teaching that our faculty has given to us.
3. To the coaches, the remainder of our great football, basketball, and track teams. May your seasons be victorious.

TO OUR CLASS ADVISORS:

1. Our heartiest appreciation to Miss Short and Mr. Gaskins, who have navigated our course through the long voyage in P. H. S.

TO THE STUDENT BODY:

1. All of our A Cappella gowns to the oncoming choirs.
2. The task of refilling the empty band seats, majorette outfits, and the cheerleader uniforms.
3. The tools with which we worked — the books, pencils, papers, and report cards.
4. The skills and abilities of the senior members of the art classes, vocational shops, and the commercial lab.
5. Last, but not least, we extend the best of luck to any class in trying to break the scholastic records made by the Class of 1952.

The doctor at the sanitarium was a worried man, constantly plagued by the troubles of all his patients. His assistants often wondered how long he could stand up under the strain.

One day he was listening to the complaints of a patient.

"I'll tell you," said the patient. "The trouble is . . . (he elaborately picked an imaginary something off his sleeve) . . . these butterflies . . . (brushing another away) . . . they keep lighting . . . (he blew a third one off his arm) . . . all over me . . .(he plucked off another one) . . . puff . . . all over my arms . . . and . . . puff . . . everywhere . . ."

"All right," said the eminent psychologist, "you needn't . . . puff . . . brush them all . . . (whisk, whisk) . . . over on me."
